## Attend Grand Sessions Of Pythian Sisters

Mrs. Ethel Hill, Amy Penney and Mary Kosma attended the Grand Sessions of the Pythian Sisters of Alberta and Saskatchewan, held in Calgary on March 27, 28 and 29.

Mrs. Winifred McLeay of Saskatoon, Sask., will head the Pythian Sisters for the coming year.

Mrs. Mary Kosma of Coleman, was installed as Grand Manager.

Mrs. Amy Penney will attend the Supreme Sessions as representative which will be held in Chicago in August. Also attending the Sessions were:

Mrs. Catherine Makin and Mrs. Mary Kovach of Hillcrest; Mrs. Makin was representative.

Mrs. Mary Kovach was installed as Grand Outer Guard. Mrs. May Brown of Hillcrest, was appointed District Deputy Grand Chief for District No. 3, comprising Medicine Hat, Coaldale, Lethbridge, Coleman and Hillcrest.

## Ladies' Bospiel Is Successful

The Coleman Ladies' Curling Club enjoyed a mixed 'spiel' recently when prizes in the first event were won by the Bill Gates rink of Coleman, the Chick Roughed rink of Coleman, the P. Camille rink of Michel, and the Martin Aschaker rink of Blairmore.

Winners of the second event were the Tino Antonio rink of Blairmore, Tony Veljprava rink, Blairmore, Trevor Slopek rink of Blairmore, and the Dick Morgan rink of Blairmore.

Third event winners were the R. Collings rink of Coleman, Jim Lattler rink of Fernie, the Charles DePaoli rink of Michel and the R. Backen rink of Michel.

Fourth event winners were the E. Spiveak rink of Coleman, E. Romano rink of Michel, Lorne Perscheweller rink of Coleman and the E. Bernardo rink of Michel.

A prize was awarded to the D. Romano rink of Michel for having made the biggest end in the 'spiel—a six-ender.

On Saturday evening the ladies and their guests enjoyed a banquet supper catered to by the ladies of the Coleman Order of the Royal Purple. The Ladies' Curling Club have extended their thanks and appreciation to all who donated in any way towards making the 'spiel' the success it proved itself.

## Poor Attendance at Cancer Workshop

A very disappointingly small attendance of 15 persons registered and attended the annual Cancer Workshop that was held in the IOOF hall in Bellevue on Monday, April 4.

Preparations had been made by the local Chapter to accommodate some 25 persons at the buffet luncheon served between the two sessions for those persons who would have found it difficult to return to their homes between the afternoon and evening meetings.

"The affair got underway with a president's welcome and introduction to the Workshop given by M. D. McEachern of the Crows Nest Pass branch.

Excellent talks were given by Miss Patricia Parrell, R.N., nursing consultant of the Alberta division and by Mr. F. J. Norris, field secretary of the Alberta division.

Demonstrations of dressings and heavy nursing equipment were given by Miss Parrell and Mr. Norris showed excellent films on various phases of Cancer Research.

A question box proved very interesting for those few who were in attendance at the Workshop.

Mr. McEachern, president of the local Cancer Society, was deeply disappointed at the small attendance and lack of interest shown by Pass residents.

During the past year some \$800 was collected in the Pass through a canvass and of this amount some \$500 was put back into the Pass in treatment and diagnosis of local cancer cases which left very little to be used for cancer research.

During the 1957-58 year assistance in the Pass amounted to \$420.50 for transportation, \$41.80 for drugs and medication and X-ray for two patients, while nothing was spent on boarding and care. Total number checked for cancer in the Pass totaled 23, which comprised six from Blairmore, six from Bellevue, five from Coleman, five from Hillcrest and one from Frank.

During the 1958-59 year assistance given in the Pass amounted to \$437.80 for transportation, \$52.80 for boarding and care of two patients, and \$98.85 for drugs, medication and X-ray for four patients. Total number of patients the past year amounted to 25 comprising seven from Bellevue, seven from Coleman, five from Blairmore, five from Hillcrest and one from Frank.

The first Easter Parades weren't the fashion shows Irving Berlin wrote about, but the celebration of a "new life".

The custom of wearing new clothes on Easter Sunday dates from the early days of Christianity, when newly baptized Christians were clothed in garments of white linen.

Researchers with World Book Encyclopedia report that baptism has always been closely associated with Easter. Just as the Resurrection represents the new life of Christ, so baptism represents the initiation of the believer into a new life.

In the early Church, Lent was the annual season of preparation for baptism, and the sacrament was celebrated on Holy Saturday during the Easter Vigil.

Eventually all Christians began to dress up for a joyful parade through town . . . much to the joy of today's clothing manufacturers.

In fact, it might have been an early advertising executive who coined the English rhyme — "At Easter let your clothes be new, or else be sure you will it rue!"

## Graduates As Stewardess

Miss Lorna Dancoane graduated as stewardess on February 17th on the American Airlines.

Her present base is in Los Angeles, Calif. Prior to going to the United States she was employed by the Pan-American Oil Co. at Calgary.

## Harry Drew Passes In B. C.

Word was received in Coleman this week that Harry Drew, well known Coleman old-timer, had passed away in Port St. James on April 3rd.

Funeral services and interment was made in Port St. James on April 7th. Mr. Drew was living at the home of his son-in-law and daughter, Mr. and Mrs. C. A. Carrell.

Mr. Drew, 80 years of age, was born in Middleborough, Yorkshire, England, on July 4, 1880. He came to Coleman in 1910 and after staying here a few years moved to Pincher Creek where he opened up and operated a meat market and grocery store until 1940.

In 1940 he returned to the Pass and resided here until last fall when he moved to Port St. James. While in Pincher he was a member of the Catholic Church choir and was on the school board.

While in Coleman he was a member of the Elks Lodge and of the Coleman Legion. He was predeceased by his wife, Mary, in Coleman on November 17, 1947.

Besides his one daughter in Port St. James, Mr. Drew is survived by another daughter, Mrs. K. D. Mitchell of Vancouver; two sons, James of Coleman, and Maurice of Penitence, B. C.; eight grandchildren and one sister in Vancouver.

## Coleman Old Age Pensioners Hold Regular Meeting

The Coleman Old Age Pensioners' Association held their regular meeting in the Elks hall on April 4th at 8 p.m.

The regular business was attended to. A report was read regarding the executive meeting held in Port Macleod on March 8th where arrangements were made re the Rally which will be held at Waterton Lakes on June 22nd, also the convention to be held August 3rd in Lethbridge.

The president, Mrs. Lena Bouthillier, presented Mrs. Nora Goulding and Mrs. Ethel Kostelnik with a gift in appreciation of services rendered during 1959.

The draw for the croquet set was won by Paty Kilgannon.

After the meeting bingo was enjoyed by all, after which lunch was served by the committee.

## Interesting Couple From S. Africa Visit Coleman

Mr. and Mrs. Anthony Gorny of Natal, South Africa, are visiting at the home of Mr. and Mrs. A. Morris of West Coleman.

The couple also plan to visit with other relatives including Mr. and Mrs. Joe Malanchuk of Pincher Creek, Paul Hendereks of Lethbridge and other relatives in Medicine Hat and Saskatchewan. They will remain in Coleman until after Easter.

The couple have two children — a son Ted, serving as an officer in the British Merchant Navy in Liverpool, who has two daughters, and a daughter, Mrs. Christina Low in Devon, South Africa, who has one son.

This is Mr. and Mrs. Gorny's first trip to Canada and they seemed very impressed with Canada, especially the hospitality they have been shown on their many stops.

They plan to take up residence in Canada and Mr. Gorny is very interested in promoting more international trade between Canada and South Africa. They are originally from Poland and during the Second War Mr. Gorny served with Polish Merchant Marines, transporting army troops. Having served from 1939 to 1946 he saw service in Polish campaigns and also in French campaigns. After a short stay in England Mr. and Mrs. Gorny went to South Africa where the former operated a tobacco farm and later managed a hotel business.

Mr. Gorny is contemplating setting up central offices in Calgary, Winnipeg and other sub-offices in various provinces for the purpose of promoting travel between South Africa and Canada, as well as trying to arrange more trade between the two countries.

Mr. Gorny stated that South Africa needed and was in the market for more Canadian lumber, wheat, cars, electrical appliances such as refrigerators, deep freezes and other goods as well as plywood, veneer, etc. He added that Africa has many minerals such as mica, to trade and many hand-made curios made by the natives. Mr. Gorny, who has many valuable connections in Africa is authorized to negotiate on behalf of the Union of South Africa and the Central African Federation of South Africa Timber Importers.

Mr. Gorny has an excellent collection of African handicraft and curios as well as souvenirs that he brought with him which he plans to display in the future.

Persons interested in meeting Mr. Gorny may do so through Vets Insurance at Coleman.

## Jack Ostash New Owner Coleman Hotel

Jack Ostash of New Westminster, B. C. has this month taken over and purchased the Coleman Hotel, formerly owned by Mike Rupph and W. Lumsden of Edmonton.

Mr. Ostash is married and has three children. His wife, Marie, and two sons, Edward James, 14, and Alan, 12, and daughter Mary Jane, six, will arrive here during Easter holidays to take up residence in Coleman. Mr. Ostash has been in the hotel business for a number of years. He plans to remodel and redecorate some of the hotel.

## Willow Valley Shoot June 18

John Sekella, president, and Steve Kubasek, secretary, of the Willow Valley Trophy Club of Tod Creek, have announced this week that the Annual Rifle and Shotgun shoot sponsored by the club, will be held on Saturday, June 18th.

Arrangements have again been completed to hold the sportsman's affair on the Frank Lynch Staunton Ranch (Antelope Ranch) 12 miles north of Lethbridge.

The club has announced that several more trophies will be added to the eight club already have for the various competitions.

The greatest riddle of the age is . . . Why do some body cells go crazy and become cancer? The best scientific brains of the century are searching for the answer, but it still eludes them. You can help them to find the answer by your support of the Campaign of the Canadian Cancer Society.

## Mrs. E. Guerard Honored by O.E.S.

A social evening was held on April 11 at the home of Mr. and Mrs. J. Colwell, when the officers and members of Minerva Chapter, O.E.S. gathered to honor Mrs. E. Guerard who will leave shortly to reside at Calgary.

Mrs. M. Dunford, W.M., on behalf of the order presented the honored guest with a gift and wished her every success in her new home, she also voiced her thanks for the faithful service she had rendered to the chapter during her terms of office.

Mrs. Guerard very ably thanked those present for the gift and kind words.

A delicious lunch was then served by Meadames Colwell, Upton and Nelson.

## Increased Interest In Opportunities For Alberta Vacation

A tremendous increase in interest in vacation opportunities in Alberta has jumped enquiries received by the Alberta Government Travel Bureau more than 3,000 over a similar period last year. Dan Campbell, Bureau Director, said this week. Last year, some 9653 enquiries had been received by the first day of spring. This year, 12,888 have been received.

"People are certainly starting to think about their vacation plans earlier this year than ever before," said this is Campbell's comment.

"This is only the beginning of our season," Mr. Campbell added. "Our heavy advertising program — which usually brings a heavy on-set of enquiries — has not even begun."

While camping opportunities in the province are one of the consistent queries of the potential Alberta visitor, there is no heavy increase in any one particular type of enquiry. "They just want to know everything about everything," Mr. Campbell said, "and we're doing our best to tell them."

Any change in a word or mole should be reported to your doctor immediately, warns the Canadian Cancer Society. It may mean the beginning of cancer.

### Rand Royal Com. Attend Banquet At Frank

Members of the Rand Royal Commission on Coal, Crows Nest Pass coal operators, and civic leaders, attended a banquet supper at the Turtle Mountain Hotel in Frank Friday evening.

Attending were D. B. Young, vice-president of Coleman Collieries, W. A. D. Gunn, QC, legal counsel; William Bird, general manager of West Canadian Collieries, Blairmore; H. R. Pettigrove, labor advisor; the Hon. I. C. Rand, QC, the commissioner of the Commission on Coal; Dr. A. E. Cameron, technical advisor; Mayor Frank Abousafy of Coleman; Mayor William Jallep of Blairmore; W. Keith Buck, secretary, and John J. Ellis, administrative officer.

Chairman of the reception was Mayor Abousafy, who ably introduced the members of the Coal Commission as well as K. Ovelson of the Alberta Department of Mines, who was present at the affair.

Mayor William Jallep of Blairmore, extended a hearty welcome to the guests, stating that he was pleased to see that the commission deemed the Crows Nest Pass important enough to be visited by the commission and hoped that their visit would be significant of a happier future for the area.

Mr. Jallep reviewed the tough time residents here had experienced with the closing of the coal mines, pointing out that many families had left the area as the mines were the life-blood of the Pass area. His report showed that West Canadian Collieries and Coleman Collieries had at one time engaged 1100 men and at the end of 1959 only 375 were employed.

Mayor Abousafy then called upon S. G. Bannan of Blairmore, to introduce the Hon. Mr. Rand, QC. Mr. Bannan and Mr. Rand were old-time friends having been employed together in the same firm in Medicine Hat 45 years ago.

Mr. Bannan described Justice Rand as a Harvard man who had heard the call of the West in the early days and had come West to seek his share of the West's wealth.

He outlined some of the Hon. Rand's accomplishments in courts and credited him with being the author of the Rand Formula.

Concluding Mr. Bannan stated if any formula could be worked out to successfully come to the aid of the failing coal industry, Mr. Rand would be the one to do it. He added that under the Liberal administration, the Hon. Rand had been appointed Attorney - General and under the Liberal government he had also been appointed to the Supreme Court of Canada and now under a Conservative government, his worthiness was also recognized and he was appointed to head the Royal Commission on Coal.

In his opening remarks, the Hon. Mr. Rand expressed thanks of the Commission to the Crows Nest Pass having extended the most hospitable welcome. After having reviewed some of his early experiences in the Medicine Hat area, he stated that Alberta today was in the forefront of the wealth of the Dominion. He said that the coal industry in Belgium, France, Germany and all of Western Europe the British Isles were undergoing the same problems that the Canadian coal industry was suffering and he claimed that this was due to the countries being flooded with oil which he said, was cheaper and more convenient to use than coal.

He said that the American coal industry, which has the largest reserves of coal which is easy to mine and which industry is highly mechanized are also beginning to feel the effect of new fuels.

He pointed out that American coal which can be brought to Eastern Canada markets for about \$5 per ton, is being displaced by Alberta gas. Mr. Rand charged that "it is the wealth of Alberta that has caused this trouble" to the coal industry. However he was of the opinion that as gas prices increased over the years reversion back to coal would follow. He concluded by stating that no one can pull a cure-all out of a hat for the trouble coal mines are now experiencing.

William Bird then expressed thanks to the towns for having sponsored the luncheon. In a short address Mr. Bird stated that the Commission was here to help the coal industry and they'd do what they could for the industry. He

stated that the Commission members had been taken on a tour of the mines and the communities and had been shown what the coal industry had been responsible for building in the Crows Nest Pass. He added that in two World Wars the mines in the Crows Nest Pass had been called upon to produce coal for the war effort and that the mines had supplied coal as they had never done before.

A few years ago he stated three million tons of coal were produced in the Pass annually and today only 20 per cent of this figure is being produced.

He stated the mines were doing all possible to keep the coal industry alive as this industry was the life-blood of this area. He concluded his address by stating "there is nothing wrong with the coal industry that tonnage cannot cure."

Dr. Cameron and Mr. Pettigrove also gave short addresses.

## SPRING CLEANING AND IMPROVEMENTS...

Here's Spring, bringing refreshing breezes, chit-chatting birds, unfolding greenery and thoughts of cleaning, of re-decorating and improving our homes. Is planning a new kitchen or re-modelling your old one on your list of Spring-time musts? Good starting points are the kitchen work centres, the cabinets, location of equipment and the location of supplies.

### WORK CENTRES--

**Sink Centre:**  
Kitchen work revolves around the sink because water is essential to cleaning, dishwashing, food preparation and cooking.

- The Sink Centre is used for:
- 1—Cleaning vegetables and fruit.
  - 2—Preparing foods for surface cooking.
  - 3—Serving ready-prepared foods.
  - 4—Washing dishes and kitchen utensils.
  - 5—Storing glassware, china, silver and kitchen linens (unless stored at point of use).
  - 6—Disposing garbage and refuse.

The sink area should be located

centrally both to the mixing and to the range centres.

The sink may be located beneath a window, overlooking a pleasant view of the children's play area. (A large window is less likely to produce glare than a small one). Be sure that the kitchen plan indicates a window sill of sufficient height to accommodate a sink.

**Range Centre:**

This centre is for:

- 1—Surface cooking, baking, broiling, etc.
- 2—Serving hot foods.

The range centre should be located:

- 1—Near the mixing centre.
- 2—Adjacent to the sink centre.
- 3—Convenient to the dining area.

**Mixing Centre—**  
This centre is for:

- 1—Preparing pastries and bakery foods.
- 2—Preparing salads and uncooked foods.
- 3—Storing staples and perishable foods.

The mixing centre should be:

- 1—Near the service door.
- 2—Accessible to the sink.
- 3—Accessible to the range.

**CABINETS—**  
**Storage Space—** The cabinets which provide storage space in the kitchen should meet the following requirements:

- 1—Sturdy construction; finish which is durable, easily cleaned.
- 2—Doors and drawers which close easily, tightly and quietly.
- 3—Shelves adjustable for utensils of various heights.
- 4—Drawers properly sized for equipment and supplies.

5—Cabinets which can be arranged to conform to work centre requirements.

### LOCATION OF EQUIPMENT—

At the sink centre:

You want storage space for:

Saucepans, double boilers, preserving kettles, or soup-kettles; colanders, strainers, funnels; brushes and small tools for cleaning, paring, slicing or dicing fruits and vegetables; scissors and knives; measuring-cups, graded sizes for liquid; dishwashing and clean-up utensils; garbage can and trash basket.

At the mix centre:

You want storage space for:

Measuring and mixing spoons, sampling spoons, and measuring cups; mixing and sifting bowls, spoons, sifter and beaters; rolling, grinding and cutting tools for doughs, meats and fruits and vegetables; cutting and moulding board; baking cups, roasting pans, sheets, casseroles, trivets, coolers and such. (The mix centre might be combined with sink centre). Electrical mixing equipment.

At the range centre:

You want storage space for: Skillets, griddles, saucepans, electrical and range top; all covers to saucepans, kettles, skillets; measuring, stirring, mashing, testing, turning and carving tools; knife sharpener and a hardwood cutting board.

At the serve centre:

You want storage space for: Serving trays or cart on wheels; electric pieces for coffee, toast, waffles and other miscellaneous electrical appliances; serving china, glassware and table accessories. —

(The service centre and range centre should be combined).

### LOCATION OF SUPPLIES—

**Sink centre—foods that need water first:**

- 1—Rice and dried foods that need to be washed or soaked.
- 2—Dried or canned soups or canned milk that need to have water added.
- 3—Cocoa mixed first with water.
- 4—Gelatin softened in water.
- 5—Canned shellfish, such as shrimp, that need washing (read the label to determine).
- 6—Cleaning supplies known to be used at the sink.

**Mix centre—supplies that are usually mixed with other ingredients before use:**

- 1—Sugars, flours and prepared mixes.
- 2—Fats, salt, soda, and baking powder.
- 3—Spices, herbs, colorings and flavorings.
- 4—Salad seasonings and vinegars.

**Range centre—foods used first with boiling water:**

- 1—Tea, coffee and coffee substitutes.
- 2—Cereals that need to be cooked.
- 3—Macaroni and such pastes.
- 4—Canned vegetables that need no water.
- 5—Duplicate seasonings and flour dredge.

**Serving centre—foods served directly from the package, can or bottle:**

- 1—Cookies, crackers, ready-to-eat cereals.
- 2—Pickles, olives, relishes.
- 3—Spreads, jellies, jams, preserves.
- 4—Canned fruits and bottled drinks.

## Campaign Over Mid-way Mark

Returns in the annual Red Cross campaign have now passed the half way mark with 55.3 per cent of the provincial objective of \$522,700 contributed.

With campaign reports now received from 103 of approximately 400 districts in which Red Cross canvasses are under way, total receipts to March 31, are \$288,222, of which \$145,170 represents returns from United Appeals conducted in the fall and \$143,152 is amount of contributions in the March campaign.

Campaign reports are generally optimistic with three districts in the south and four in the north having exceeded their local quotas. These include Wrentham, Cranford and Warner in the south and Alliance, Boyle, Edberg and Faust in the north.

Edmonton City reports returns of \$103,200 as of March 31st, against their objective of \$186,000.

## Reading In Canada

### Why Canadian Library Week?

Although library services have there are still sections of the country being expanded rapidly in Canada, which are either inadequately served or not served at all. In addition, there is still great need for greater distribution of books through book-sellers and other agencies.

Canadian Library Week will be devoted to stressing the importance of reading, and of all kinds of libraries, in Canadian life. A substantial increase in activity over last year will come from individual cities, towns and villages which help to strengthen the campaign through the formation of local groups.

The chief purpose of Canadian Library Week will be to further the already marked increases in the number of libraries and books available to Canadians.

### Reading In Canada

The Canadian Institute of Public Opinion surveys indicate that only 26 per cent of Canadians asked were reading a book recently, compared to 31 per cent in 1953 and 40 per cent in 1945. Women were slightly ahead of men in this respect; 27 per cent of the women asked were reading a book, and 26 per cent of the men.

The experience of public libraries, however, shows an unprecedented increase in the number of books circulated and borrowers. The most recent figures available show a more than 50 per cent increase since 1945 in the circulation of Ontario public libraries and association libraries. The number of borrowers has risen by some 60 per cent in the same period.

The answer probably lies in the fact that where library or bookstore facilities are available, Canadians are reading more. There is still a major job to be done in making these facilities available to all Canadians.

Have you ever felt sheer power? You would here, just as our touring family, the Browns, are doing, in front of one of the original generating units at the Horseshoe plant. The Horseshoe station was built in 1911 to serve the City of Calgary, and is the oldest plant on the Company's system. To-day, there are 11 hydro-generating plants on the Bow River System, contributing over

300,000 horsepower of electrical energy to serve your personal wishes and the bounding needs of Alberta industry. This one generator, powered by falling water, produces 5,000 horsepower; more than 25 modern automobile engines put together! Dianne Brown realises that a very small part of this power is probably cooking her supper in the electric oven at home this minute.

## Former Coleman Teacher Elected V.-P. of A.T.A.

Candidates for election to the Executive Council of the Alberta Teachers' Association were announced recently by officials of the Alberta Teachers' Association.

Mr. A. D. G. Yates, vice-president of the Alberta Teachers' Association, has been elected president by acclamation. Mr. Yates is vice-principal of McKernan elementary and junior high school, Edmonton. He has served two years as district representative and one year as vice-president of the Association.

Mr. J. A. McDonald, formerly of Coleman, has been elected by acclamation as vice-president. Mr. McDonald teaches in Alexandra composite high school, Medicine Hat, and has served two years as district representative on the Executive Council.

Also elected by acclamation for a

second term is Mr. E. J. L. Guertin of Fairview, district representative for Northwestern Alberta.

Candidates for election in other geographic districts will be:

Miss L. Jean Scott, Edmonton, and Mr. Gino Fracs, Edmonton, for Edmonton City; Mr. D. A. Prescott, Red Deer; Mr. Nicholas Hrynyk, Aik, and Mr. Russell Peterson, Lacombe, for Central Western Alberta; Mr. N. P. Bragg, Standard, and Mr. F. J. Henheffer, High River, for Calgary District; and Miss Lucy I. M. Milne, Medicine Hat, Mr. T. D. Smith, Cochrane, and Mr. E. R. Hadlington, Foremost, for Southeastern Alberta.

Mr. Bragg and Mr. Prescott are presently serving as district representatives.

Members of the Executive Council who will be serving the second year of a two-year term are:

Mr. A. J. Shandro, Glendon, for Northeastern Alberta; Mrs. Jean Saville, Hardisty, for Central Eastern Alberta; Mr. H. C. McCall, of

Stony Plain, for Edmonton District; Miss Elizabeth Duff, Calgary, for Calgary City, and Mr. T. F. Rieger, Picture Butte, for Southwestern Alberta.

Voting for election of candidates will be conducted by mailed ballot of Association membership. Results will be known on Wednesday, April 20 at the Association's annual general meeting at the Palliser Hotel in Calgary.

## Chamber Commerce Week April 24 - 30

"The work accomplished in 800 communities by the members of the Boards of Trade and Chambers of Commerce makes a worthy contribution to Canada," Prime Minister John Diefenbaker stated recently in endorsing Chamber of Commerce Week to be observed across Canada April 24 to 30.

In a message addressed to President, Gordon Love of The Canadian Chamber of Commerce, the

Prime Minister continued:

"These local organizations provide a forum for the consideration and discussion of questions of local, provincial and national interest; the national organization, acting as a clearing-house for their ideas and suggestions, assures that whatever proposals are finally adopted are of national importance to which public attention is directed, thereby making for well-informed public opinion."

"It is therefore with pleasure that I extend my best wishes to all who will participate in the celebration of the Third Annual Chamber of Commerce Week."

Special programs and events will be organized in communities in every province throughout Chamber of Commerce Week to bring home to all Canadians the understanding and appreciation of the role these organizations play in community building for the national good.

## New Canadian Travel Book Issued

Invitation To Canada, the Canadian Government Travel Bureau's handsome new tourist booklet, has just been published and will be ready for general distribution in April. Resources Minister Alvin Hamilton said today.

The 52-page full color presentation of Canada's travel attractions will be the Bureau's major promotion booklet, replacing Canada—Vacations Unlimited. Its main purpose will be to encourage tourists from other countries to visit Canada.

Mr. Hamilton described the new brochure as the finest piece of travel promotion literature produced by the Bureau. "I am sure it will make more of Canada's friends abroad aware of the tremendous vacation opportunities our nation has to offer the modern traveller," he said.

Using the theme "The Wonderful World at Your Doorstep" the new booklet shows Canada in all its variety. Its cover has a striking reproduction of the coat-of-arms of Canada and the official flowers of the provinces and territories are on the back.

The illustrated sections of the booklet cover the ten provinces, the territories, national parks, the sightseeing, historic sites, events, boating, shopping, highways, winter vacations and travel information sources.

Twenty-five thousand photographs from every possible source were reviewed before choosing the 101 color pictures used in the booklet.

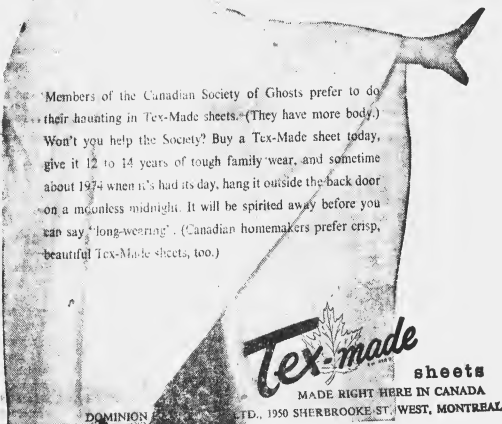

Invitation To Canada puts the accent on Canada as an exciting country to visit, stressing our interesting cities, cultural attractions and our scenery, as well as retaining the important themes of fishing, hunting and outdoor recreation. It presents the civilized aspect of Canada's cities, hotels, and events and modern transportation facilities. National Parks and highways, including the Trans-Canada,

are featured for the motorist and camper.

To conform with the practice adopted by the government a number of years ago, the new booklet is intended for distribution outside of Canada, with the prime objective of stimulating travel to Canada from other countries. It is expected that more than one million copies will be distributed during the first year of publication.

Invitation To Canada will be featured in the Canadian Government Travel Bureau's advertising program in April issues of United States magazines and newspapers.

## Building of Historic Sites, Monuments Board on Frank Slide

Dear Mr. McEachern:

Thank you for your letter of March 30, 1960, concerning the request of the Crows Nest Pass Historic Sites Development Board to have the Frank Slide declared an

historic site. I have been waiting on a decision from the Historic Sites and Monuments Board before writing you. They meet only about twice a year, and late in March I received the attached letter from the Minister.

I have had numerous discussions on this subject, and the Historic Sites and Monuments Board has recently ruled that "none of the disasters recorded in Canadian His-

tory have had sufficient bearing on the nation's life to warrant any commemoration other than on a regional basis." It has taken them far longer than anticipated to clarify their policy, and hand down this decision. In view of their ruling that commemoration must be on a regional basis, it means that Crows Nest Pass Historic Sites Development Board must provide the commemoration and take leadership on the development of the site.

The Crows Nest Pass Historic Sites Development Board should welcome this clarification, which we had to get sooner or later. In essence the ruling says it is not a federal matter, but rather a regional matter. This should not discourage anyone in the least, but it does indicate that the responsibility rests with the region and your organization.

With coal shipments to Japan, and the export of gas, and other developments, the outlook for the Crows Nest Pass is much better. Certainly, no one should feel discouraged. The towns, municipalities, and local citizens should have more money. Insofar as federal assistance is concerned, surely ways and means can be found to utilize the programs offered under the federal picnic ground and camp-site program and the Winter Work program, both of which are administered by the province, but the federal government pays 50 per cent of the cost involved.

I am keenly interested in the tourist industry and the development of the sites in the Crows Nest Pass, and I shall do everything I can to assist your organization and if you wish me to meet with you at any time I am in the west, I shall be delighted.

Copies of this letter have been made available to others so that all may be informed.

Yours sincerely,  
(Signed) Lawrence E. Kindt,  
Federal Constituency of  
Macleod.

Dear Dr. Kindt:

On April 29th my executive assistant Mr. Thiessen, wrote you in reply to your letter of the 19th concerning possible aid to the Crows Nest Pass Historic Sites Development Committee. In his letter he mentioned that your case would be put before the Historic Sites and Monuments Board and that once I had studied their recommendations I would let you know I believe also that you yourself before the Board to elaborate on this and the Turner Valley proposal.

As a result of the Board's recommendations, I have agreed to two lines of thought that have had a bearing on your proposals.

First, the Board advised that they are of the opinion that none of the "disasters" recorded in Canadian History has had sufficient bearing on the nation's life to warrant any commemoration other than a regional basis. Secondly, the Board advised that requests for aid in setting up and maintaining museums had grown to such an extent that a general survey of requirements versus available funds was imperative.

The Department carried out this survey and, as a result of their findings, I have decided that his first responsibility is towards the National Museum and museums located in National Historic Parks. In both cases, there has been a considerable development lag. The Department will only consider other requests for museum aid when the

proposed museum is to be located in a building under its control or slated to be so in the future.

There is no doubt that both your proposals are of considerable interest and I do hope that your inability to help will not frustrate the local people's enthusiasm about their region's past. I presume that you will inform Mr. M. D. McEachern, secretary of the committee, and I, therefore, will not write to him direct.

Yours sincerely,  
(Signed) Alvin Hamilton.

## Coleman Men Escape Serious Injury In Car Mishap

A car owned by Frederick Mundle of Coleman rolled over on its roof while climbing the Hillcrest hill just before midnight Saturday night and plumed its owner underneath the wreck.

Mundle and a friend, Sidney Jackson, were returning to Coleman from Hillcrest when the accident occurred.

Mundle was thrown out of the car and was pinned beneath the wreck by the windshield of the car which projected out of its frame. Jackson was slammed from front seat into the back seat in the over-turned car, but was able to come out of the car on his own power.

Fortunately another car was following and saw the accident, and the three occupants of the car, John Kostelnik of the Frank Shell Garage, Slug Losza of Hillcrest, and Mufi Wakaluk of Bellevue, rendered assistance and had to bodily lift the car off of Mundle who was pinned by his head and the top part of his body.

While the car was lifted Mrs. J. Kostelnik and Mrs. Mary Wakaluk were able to pull the injured man from under the wreck.

Mrs. Kostelnik rendered first aid

and treated the man for shock.

An ambulance was summoned and both men were taken to the Crows Nest Pass Municipal Hospital and were released on Sunday night suffering from cuts, bruises and shock. The car was extensively damaged. RCMP Police of the Blairmore detachment investigated the mishap.
